

*The Eighteenth Annual BRIMS Regional Bridge Building Championships
March 2, 2013 at WKU Center for Research & Development Commons Area*

CONTEST INFORMATION

Bridges may be entered on Friday, March 1 from 4:00 p.m. to 6:00 p.m. or on Saturday, March 2 beginning at 7:30 a.m. Local schools are encouraged to have their bridges certified on Friday to avoid delays on Saturday. We would appreciate teachers e-mailing the approximate number of bridges being entered from their school by Thursday, February 28. This would help us greatly in our preparations. E-mails should be sent to Liz Thomas-Hook at BRIMS.bridge@gmail.com **Please try to arrive at least one hour prior to the close of registration so that we may have time to certify all bridges and begin on time.**

All contestants will be required to sign a statement certifying that they have designed and constructed their own bridge. If a student cannot register in person, the teacher must sign the statement. ***Please note that any changes made to a bridge at registration in order to meet specifications must be done by the student.***
